

## MxD New Funding Opportunity: Manufacturing Science Program Grant

ONR (Office of Naval Research) is seeking proposals that support fundamental scientific research to enable advances in naval manufacturing, particularly in manufacturing processes and/or materials to support the development of “manufacturing technology for Naval components,” including advances in additive manufacturing.

Three focus Areas of ONR’s ManScience Program:

1. Significant advances in current Naval manufacturing technologies.
2. New or developing Naval manufacturing technologies.
3. Design/optimize the materials used in Naval manufacturing technologies.

White paper due by Mar. 6, 2020 via email to [richard.fonda@navy.mil](mailto:richard.fonda@navy.mil)

Proposal submitted by June 8, 2020 through [www.grants.gov](http://www.grants.gov)

Funding size and period: up to \$100k per year for 1 – 3 years

More details may be found through [MxD New Funding Opportunity](#) and [www.grants.gov](http://www.grants.gov) under solicitation number “N00014-20-S-F002.”
